

Moving Checklist

Moving is more than just moving boxes up and down stairs. It is an organizational event that you should work on for weeks, sometimes months in advance, so that everything goes well. Our moving checklist is a free help for you and your move. It contains essential checkpoints to the moving date in a convenient countdown.

New place to stay, new challenge

If you have decided to look for a new place to stay, and then found it, a new life does not start immediately. Before that, you have to take care of the move, and it can mean a lot of work depending on the number of people in the home and the size of the household.

In any case, there is a lot to consider for each move. Pick out the to-dos from our moving checklist that apply to you. Maybe it's not all of them at once...

2 or 3 months before the move:

- Cancel your existing lease
- Set a date when to move
- If necessary, find new kindergarten or school places
- Registrations: Telephone, TV and internet providers

1 month before moving:

- If desired, reserve a no-stop zone
- If necessary, register for the pickup of bulky waste
- Talk to craftsmen regarding possible renovations
- If necessary, apply for vacation for the moving days
- Reserve a moving truck
- Organize moving helpers or a moving company

2 - 3 weeks before moving:

- Set up a mail forwarding request with the post
- Arrange a date with the landlord for meter readings and handing over the flat
- Reserve a storage space at Lager.de
- Purchase moving boxes
- If necessary, book a babysitter or pet sitter for the relocation day

1 week before moving:

- Empty the fridge and freezer by and by
- Pack up all the unimportant things
- Dispose of all unnecessary items
- Remind your moving helpers of the move

1 day before the move:

- Give your pets and plants in good hands
- Defrost the refrigerator
- Prepare food for the helpers and yourself
- Pack everything that has not yet been packed
- Pack your personal „moving backpack“ with the most essential items for the day
- Check all keys and cover floors safely
- Get cash from the bank
- Charge your phone
